

Call My Bluff (Team A, Student 3)

True or False

Word 1: GLUTTON

Listen carefully. I'll only say this once! A "glutton" is a really greedy person who eats all the time. Do you understand? Have you got it?

Word 2: HERITAGE

This is a type of war-ship. England used "Heritage Ships" to fight the Spanish in 1592. Please believe me.

Word 3: INHIBIT

Are you listening? This means "to live somewhere." For example: "Many people inhibit Seoul." This is the only correct meaning.

Word 4: JEST

Don't believe the other people. Here is the correct meaning. A "jest" is a musical instrument. It is like a flute, but it is smaller, and the notes are higher.

Word 5: KILN

As you know, a "kiln" is an oven used for making pottery, like vases, pots and plates. There are many traditional kilns in Korea.
