

How is my learning?

When you finish each Project, have a look at these charts.

[This page is for the first four projects (Semester 1).]

[The next page is for the last four projects (Semester 2).]

Draw your present levels (as you think they are now) on the charts.

[This will give you a record of progress in your speaking and learning skills.]

[Talk to your teacher about this record when you visit him/her.]
