

## Rainforest Crossword (Student A)

**Task 1:** Explain the words in the crossword to your partner.

Don't say the actual words. Here are some examples:

1 Down: "This is the country where we live."

3 Across: "This means to cut down lots of trees."

**Task 2:** Listen to your partner explaining his words.

Ask your partner for the words you want him to explain.

"What is number 2 Down?" "Can you explain number 12 Across?"

"What does it mean?" "How do you spell it?"
